Professional Cleaning Exhibition

CLEAN EXPO – Greece’s 1st International Exhibition for the cleaning and hygiene industry.

The first specialized exhibition in Greece for professional cleaning will take place from **10 to 12 February 2023 at the exhibition center M.E.C. in Athens.**

CLEAN EXPO with a holistic approach will present equipment, products, services and technologies for **professional cleaning, disinfection, hygiene & environmental sanitation.**

The companies that will participate as exhibitors will present the best and latest products and will provide modern solutions to professionals who want to improve and modernize their businesses.

The exhibition is addressed to all **professionals** in the industry but also to executives from various industries. Specifically, the exhibition will be visited by:

- Professional Cleaning Services Companies
- Facility Management Companies
- Laundry / Dry Cleaning & Carpet Cleaning Companies & Stores
- Car washes
- Executives from various sectors such as: HORECA, Hospitals, Shopping Centers, Factories, Educational Institutions, Sports Centers, Public Services, Local Government, Financial Institutions, Office & Residential Complexes.

The exhibition will be framed by the **Cleaning Innovation Forum on February 11 & 12**, with workshops, seminars and presentations that will mainly touch on new technologies and innovation in products and services of the wider industry.

CLEAN EXPO is under the auspices and is supported by important Greek sectoral bodies:
